

**Request for Bid
The Mokelumne Hill
Fire Protection District**

Is requesting bids for labor and materials to provide and install Concrete Aprons, Parking pad, patio side walks as well as floor for bathroom area for the Paloma Fire Station at 6219 Main Street, Paloma, California. Bids must include time required to begin and to complete the project.

The project: provide labor and materials to,

1. Install the concrete floor for the handicap bathroom and fill & finish opening in the floor near the southwest roll-up door.
2. Install roof drains under the concrete from the 4 corners of the building. The drain from the northwest corner of the building is to extend to and discharge into the culvert at the driveway entrance. Install retaining wall along north edge of handicap parking area.
3. Install aprons, handicap parking area, patio and sidewalks per plans.

The building may be inspected at 6219 Main Street, Paloma, California. Plans and photos are available on the Fire Districts website at www.mokehillfire.org.

Sealed bids must be received by the District at the District office at 8160 Church Street, Mokelumne Hill, no later than **5:30 PM, March 30, 2023**. Bids will be opened on that date and time by District Staff and Board Committee; a decision on selecting the successful bidder may or may not be made on that date. The decision on selecting the successful bidder will be made in a public meeting.

Contractors submitting a bid must be bonded and have the appropriate California Contractors License in good standing. The district reserves the right to demand a performance and labor bond. Failure to accept this demand may result in the bid being declined and negotiating with the next responsible bidder. The construction and installation must meet the requirements of the Calaveras County Building Department and comply with prevailing wage requirements.
